XPLORE Venture Creator Batch #2/2025

Nihan Öztürk

completed the **XPLORE Venture Creator program by UnternehmerTUM**
from Oct 6, 2025 to Dec 16, 2025 as a member of the start-up
Autocycle.

ABOUT

The XPLORE Venture Creator offers a ten-week, part-time pre-incubation start-up program. Participants benefit from a structured curriculum, expert coaching, and access to a unique network of start-ups and industry specialists within the UnternehmerTUM network.

The program fosters personal and start-up growth by developing a high-performing founding team, achieving a validated problem-solution fit, defining a beachhead market, deeply understanding customers, and crafting a clear roadmap to funding and incubation.

NIHAN SUCCESSFULLY XPLORED

- ➔ elaborating the core technological elements of the venture project
- ➔ identifying a target market through market analysis and recognition of new and viable market opportunities
- ➔ creating a customer-centric value proposition for the start-up project
- ➔ conducting focus group interviews and crystallizing customer benefits
- ➔ successful strategy implementation for productive team culture and team development
- ➔ creation of a pitch deck, pitch training, and pitching in front of an expert jury

The XPLORE Venture Creator Program exemplifies innovation, showcasing cutting-edge projects, dynamic teams, and guidance from industry leaders and experts. After over 70 hours of strategic input sessions, hands-on workshops, and invaluable feedback, our graduating ventures are prepared to take the next step in their start-up journey.
